Looking for a way to become politically involved without a significant time commitment? Consider joining WofA's Community Liaison program. WofA is a progressive community group located in Northern Virginia (<https://wofava.org/>). We are recruiting volunteers who are involved in and can reach out to diverse communities throughout Virginia. Our Liaison program will increase voter turnout in communities with historically low participation. As a Community Liaison, you will receive key information to share with others about voting in Virginia's elections in 2017.

Role Description: Our community liaison program helps volunteers share information with their community about Virginia's upcoming 2017 elections. No prior political or civics experience is necessary! WofA will do all the hard work, so you don't have to. We will provide you with reliable information to help Get Out the Vote, such as

- How to register to vote
- How to identify your legislators and other elected officials
- Links to the candidates' campaign websites
- Information about the importance of voting in the November 2017 election
- Absentee voter eligibility information

The time commitment is minimal. A designated WofA team will provide you with materials each month, as well as on-going support. You will have total discretion over what information you share and how you share it within your community.
